

Sustainability Action list 2016 : NISSI BEACH RESORT

Whilst we strive to enhance the quality of our guests stay and take home memorable experiences, we do all that with respect to the local environment and we manage our impacts for the benefit of the local community in which we operate. We are committed to measuring and managing those impacts by:

- Implementing sound environmental practices in the operation of our hotel
- **Reduce the use of energy and water**, and re-use and recycle the resources consumed by our business wherever practical
- Encouraging the development and integration of **sustainable technologies** including renewable energy
- Monitoring and **measuring our environmental performance** on a monthly basis
- Engaging **our customers, employees, suppliers** and contractors in our efforts to protect the environment
- Providing the **ongoing training** and resources required to meet our objectives

Some of the initiatives implemented include **upgrading lighting system**-use **only Led** lighting when light replacement takes place

-**installing electricity meters in all various outlets** in order to see where you can save energy

-**installing new equipment based** on electricity and energy saving factors ;

-installed new chillers with inverter compressors and energy saving refrigerant

-installed all new a/c split units in beach bungalows with inverter compressors

-new dishwashers with energy saving features in taverna and Blue Bar

-ben marie at service areas have been upgraded with new ones ,more energy efficient

-**Install humidity control detectors for garden** grass irrigation purposes .Quotations are in and approved .Installation in September 2016.

-Purchase of an automatic ,corridor **cleaning machine** in order to save on manpower hours ;Quotations are in ;Purchase end of August 2016

-a study is made for further reducing the energy consumption by the chillers – **A/c system by installing a reverse osmosis system**

-we are very positive with **the idea of composting** all our tree trimmings ;our only concern is the noise and the dust generated during composting ;

-our new environmental leaflet –exploring the floral treasures of Nissi Beach resort is going for printing

-new environmental letter will be given to all guests'arrivals from Monday

-ongoing personnel training
